Summary: Hindi translation of pigeonattack's Waking Wing by yours truly, 'cause we HIVE megaminds are cool that way... "Otto bribes H.I.V.E.mind into helping him wake up Wing. Of course, being Otto, this is rather more interesting than the title would imply."

Waking Wing, Hindi Translation

**Disclaimer: **I did not get the rights to HIVE this Christmas. Yes, yes, I know, very disappointing...

Nor do I own "Waking Wing" by pigeonattack. I'm just here because the top 5 fandoms don't have a Hindi fic, and it'll be cool if WE do, because we're multi-cultural HIVE supervillains and kind of awesome like that.

><p>I'd just like to say, typing in Hindi is a bitch. Even with Quillpad. But it's worth it when you see what Google Translate views your efforts as. Honestly, I haven't laughed so much since...well, since I read Waking Wing, actually.<p>

Typing in Hindi is still a bitch, though.

Thank you. That will be all. Merry Christmas again, pidge!
